

LAKE RAY HUBBARD WOOD CARVERS CLUB

Newsletter **from** the December 16th Christmas Party

NEWS FROM THE PRESIDENT

It is with great relief that we can inform you that Bill Wagner is doing well. He will still have to wear his head brace for a while longer but was able to join us for the party. Welcome back Bill.

We only have three more instructor slots open for next year. See me as soon as possible before they are all gone and you miss out.

I have two items that I would like you to think about so we can discuss them at the January meeting. First, is there any interest in having a Lake Ray Hubbard Wood Carver's Club membership card? We can get a 10% discount at Rockler and Woodcraft with it. The second item is using club funds to purchase bulk basswood from Resdoor in Fort Worth and then selling it to members.

Dues will be \$10 again this year and are due at the January meeting.

Hope you all had a very Merry Holiday season.

Bernie

REMEMBER, THERE IS NO MEETING IN DECEMBER

ITEMS OF INTEREST

Got a little extra time, a computer, and want some free training? Gene Messer is known as whittler0507 on YouTube and has over 900 video clips. He has done numerous projects and each one usually runs between 5 and 10 clips at an average time of 8 minutes per clip. He also includes painting instructions. Gene is a Texas carver that some of you will already be familiar with and most of his carvings are in the flat plane style. Go to www.youtube.com and then search on whittler0507 to see a list.

NOTES FROM THE EDITOR

I'm looking for feedback on what you all would like to see in the newsletter for the coming year. We'll continue to have all the present information but would you like to see anything else such as information on training videos above? Please contact me (Tom Noller) at nolletto@verizon.net or 972-442-7213 or at any of the meetings with your ideas.
