NEWS FROM THE PRESIDENT

I hope you all had as much fun carving the Santa's as I had teaching. Please bring your completed works on Saturday for Show and Tell. One of the compensations for teaching is seeing what everyone has done.

As you know, we had a table at the North Texas Wood Carvers Guild show. We got some interest from people stopping by and hopefully will get a couple of new members from it. The show was great as usual with many interesting carvings. There was even one piece that the man was asking \$75,000 for. Guess we'll have to increase our prices.

We still need someone to teach in April so please contact me as soon as possible if you can do it. Everyone has a special talent so please step up and share yours.

Thanks to all the members who donated money for the stick Santa's. We added \$22 to our account from it along with \$30 from additional dues paid.

Not very many people remembered Show and Tell last month. We would REALLY like to see items the rest of you have stashed away. I know that you have a lot of good whittled, carved, or just interesting pieces of art hidden at home. Please bring them out and share them with us. Most of you have seen our carvers quilt (each square carved by a member) but I will bring it to the next meeting for those of you who haven't. Any interest in doing another group project like this? Let me know if you have ideas for it.

Bernie

ITEMS OF INTEREST

Please make the following corrections to the member's list I sent out last month. Dick Guerrero's address should be 141 Magnolia LANE and Dean Walden's email address should be Dean_Walden@hotmail.com. My apologies for the mistakes.

Interested in what other clubs are doing? Try www.woodcarvers.org. Their site has a lot of free information and patterns on it.

WHAT'S IN STORE FOR THE MARCH 26th MEETING?

Bob Case is back with another interesting project. As usual, it will teach us good techniques and challenge us to be better carvers.
